Drycal Celebrates 3rd Year

With Christmas just a few short weeks away, housewives have their hands full, what with baking all those goodies, shopping, wrapping presents, taking care of the Thanksgiving feast, catching the mailing deadlines, and on top of all the numerous things that must be done at this time of the year, the family's clothes must be in tip-top shape and the house cleaned, draperies, rugs and slip covers sparkling, and this is the department where the Drycal Coin Drycleanomat and Laundry comes to "my fair lady's rescue."

Drycal is the most complete and modern plant in the area, and this week they are celebrating their third anniversary and to help you with your drycleaning problems has a gift specially ordered for you. For nine pounds of drycleaning at the very economical price of \$2.50 they will give you four new 1965 quarters.

Frank Gomez, veteran in the business, is easily termed an expert in this field. At one time he owned his own plant in New Mexico, and came to this area when this store opened three years ago. He has seven daughters and lives in La Puente.

One of the outstanding features of this plant is the drapery cleaning service that they maintain. Fifty cents per pound and they are fan folded free; when you receive them back they are ready to hang. Pressing and laundry service is another service available for those who wish it.

Drycal is located just east of the Lobster House, 3537 E. Foothill in Pasadena and has its entire plant within the building. Clothing brought in in the morning can be ready in the afternoon. Soooo . . .

Dear ladies, perk up, Drycal will help you get everything in ship-shape around your home for the holidays, and have your family's clothes spick and span and leave you loads of free time to do all those other things that need your attention . . . all this and four brand new sparkling quarters all you very own. Remember, for the gift it will be Friday, Saturday and Sunday when this gift will be ready for you. Hurry in, for those quarters are hard to find.

Canoeing In Sierra Madre

If you happened to go by the Sierra Madre Municipal pool recently, you may have thought it had been invaded by Indians. However, the pretty little Indian maids in the canoes are high school girls in the Sea Nymph Marines Girl Scout Troop learning to paddle their own canoes.

The class will end in December with a weekend camping trip to Newport Dunes, where the girls can practice their skills in larger area of water.

The instructor of the class is John McAdams of Pasadena Red Cross Safety Division. The two troop leaders taking the course are Marjorie Peterson and Mert Waite. The girls in the class are Kathy Buckner, Patty Clark, Cheryl Everhart, Liz Gergely, Nunit Gold, Cris Hawley, Jan Jensen, Kris Jensen, Mary Matakonic, Lisa Reed, Claudia Stoller, Anne Stuart, June Tokahashi, Cynthia Wittig, Kitty Wittig.

VETERANS OF FOREIGN WARS, Sierra Madre Post, remember Armistice (Veterans' Day) by repainting the World War I memorial howitzer in our Park. Working on this renovation are, from left to right, Karl Heimbrich (Senior Vice-Commander of the VFW), Joe Sanzett, William Underwood (Trustee of the VFW), Eugene Colbert (Trustee of the VFW), and Major Jerry Asher, USAR (Chairman of the VFW Field Piece Committee). The artillery weapon was manufactured in 1905 by the Krupp Works in Essen. One member of the VFW committee, Louis Van Iersel (holder of the Medal of Honor) was unable to attend the renovation this year, due to another commitment. The Veterans retain their interest in public service, and volunteered to maintain the memorial in previous years, with the concurrence of the then Mayor.

As we write this someone, somewhere may be calling for the services of the Sierra Madre Search and Rescue Team. If they are, or if they do, the team is ready to answer that call, thanks to the below list of contributors to keep them in operation . . . But nine months from now, especially if their services are heavily needed from this date, funds may be in a deplorable condition, they may have to curtail their efforts due to much needed equipment to keep them rolling . . . Look over the list of names . . . Is YOURS, your husband's or your wife's MISSING . . . I looked it over, to my shocking amazement, mine was missing . . . But not anymore, it's there now, and I will be riding with the Team when they go into action. My dollars will be helping them to find some lost husband or father, a child that wandered astray, or a mother that was on a hiking trip . . . Will yours be helping them?

We are considerably short of the funds needed to complete a year's activity. We seriously need 1400 more people to send in a DOLLAR, or 700 who have a couple of dollars to help, maybe only 280 that has a five spot that needs a good cause, but again if only 140 people sat down right now and sent in that popular \$10.00 check, we would have it made. Of course if you really want to ride up front with the boys on their next search, \$25 or \$50 can get the job done much sooner.

This is the last week for the publication of names. As far as the Chamber of Commerce and the News is concerned, we must end this drive this week. Of course the Team will happily and gladly receive any contributions throughout the year, but come on folks, let's all make that last push and get the required amount so that the boys can do their best work, without financial problems . . . We now have \$2600 . . . We need 1400 more. Let's pull for the Headlines next week that WE MADE IT.

The following is the complete list of cash contributions received by the Chamber of Commerce, Search and Rescue Team and the Sierra Madre News, until Monday, November 15, noon.

Our part of the drive will end at noon Monday, November 22, and in the issue of November 25 will be only those contributors who have answered this serious call for funds between the above dates:

It is the hope of the Sierra Madre Search and Rescue Team that this drive for much needed funds will be sufficient to take them completely through the year 1966 without financial problems. The following have heard the call for "Cash" and answered in great style:

Sierra Madre Has Won Many Firsts In 48 Years

History of The Rose Parade; Sierra Madre First Entry In 1917

by Mary-Madeleine Lanphier

EDITOR'S NOTE: This is the second in a series of articles especially prepared as a reminder to the elder generation, and informational to all newcomers to our area.

The world's greatest annual parade of real flowers — the Tournament of Roses — originated in the zeal of a professor and world traveler, Dr. Charles F. Holder. He settled in Pasadena in 1886, and as a pastime, organized a series of hunts with hounds, which proved so popular that in 1888 a formal club was organized and named Valley Hunt Club.

As enthusiastic about the local abundance of flowers as he was about the climate and the opportunities it presented for outdoor recreation, Dr. Holder suggested that the club might sponsor a plan for something special in the way of a floral display as well as amusements for New Year's Day, hoping that this might not only provide enjoyment for residents, but impress Eastern visitors with the fact that the weather was mild and sunny here in mid-winter.

Club members endorsed the idea and arranged a program of foot races, pony and burro races, a tug-of-war and tilting at the rings, and invitations urged the public to bring all the roses possible along with their picnic lunches.

The name was a spontaneous result of the profusion of flowers which were brought that day. Grandstand seats were filled, equestrians, carriages and rigs crowded surrounding streets. Many horses wore garlands of roses; some carriages were decorated with bouquets; a big wagon of oranges appeared and the golden fruit distributed free. Races were judged by Colonel (later General) Harrison C. Otis, editor and owner of the Los Angeles Times. Three thousand people attended.

That's how it all began. Now hundreds of thousands of people line the parade route, with over 77 million people viewing the parade on television and worldwide coverage on radio; in the afternoon some 101,000 fans see some of the country's greatest teams play football in the famous Rose Bowl. Some fifty thousand are given by leading citizens of the community to

carry through this vast operation each year. And, as on that first New Year's day in 1890, nothing but real flowers are permitted for the floats in the parade.

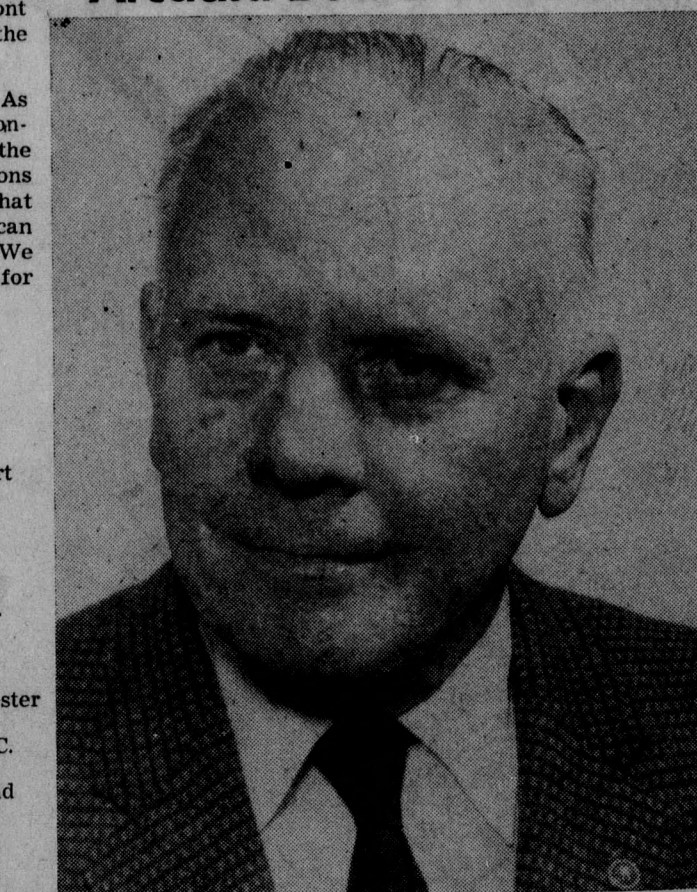

Competition for committee jobs is keen; and advancement in office is based strictly upon service record and how you have executed your previous assignments. Anecdotes about the pride taken in this service are legion. One member says he was threatened with divorce for passing up his own wedding anniversary party in order to maintain his record of not missing a committee meeting; another brought a note from his doctor to prove his inability to attend. Perhaps this kind of dedication is not only civic pride, but the very human desire for honor and recognition for the Tournament of Roses Association is a limited membership organization of approximately 1,400 with 29 standing committees with a waiting list of several hundred, since vacancies are filled only when members die or move away, or fail to pay the modest dues on time (96 per cent pay dues within five days of receiving a bill).

The Association is responsible for producing the Parade of Roses and sponsors the Rose Bowl game. In 1901 land was purchased for a Sportsman's Park for Tournament activities; later this was sold to Caltech and substitute lands purchased, including Victory Park, where the parade now ends. The Rose Bowl, costing approximately one million dollars was built with Tournament earnings and donated to the City of Pasadena. Then two large steel buildings used for construction of floats were acquired. At present the Tournament finances itself from rental of the Rose Bowl on New Year's Day; 15 per cent of the take, in recent years consistently over \$900,000, not only pays expenses but also provides for the new owners, "We believe that quality is the least expensive in the long run, and people can depend on standard brands. That's why we will stock Arrow and Shapley shirts, Dickey work clothes, Catalina sportswear, Esquire socks, and such name brands as Jockey, Hanes for the men, and for the ladies we will carry Vassarrett, Playtex, Munsing, Mojud, Ship & Shore, and many, many, many more just as well known."

Hobbys Invite You To Their Grand Opening

Charles Hobby

Things are really buzzing at 2516 E. Colorado, surprises, packages, new styles and colors arriving daily to be unpacked, displayed and priced, lots of coffee and donuts are on order, and everything getting a real sprucing.

All this is for the grand opening of Charles and Estelle Hobby's Wearing Apparel and a special invitation is being extended to you for Friday and Saturday, November 26 and 27 to come join the celebration.

Charles and Estelle Hobby just recently purchased Hornaday's Men's and Women's Wear at 2516 E. Colorado, Pasadena, and are embarking upon this brand new business venture with their son Harold, who will manage the business. Harold and his wife Beverly have four children, Randy 10, Janet Sue 9, Christopher 4, and little Heidi Ann 2.

The Hobbys would like all their friends and former customers of Hornaday's to know that the same high quality of men's, boys', and women's standard wearing apparel will be found in their new shop. To quote the new owners, "We believe that quality is the least expensive in the long run, and people can depend on standard brands. That's why we will stock Arrow and Shapley shirts, Dickey work clothes, Catalina sportswear, Esquire socks, and such name brands as Jockey, Hanes for the men, and for the ladies we will carry Vassarrett, Playtex, Munsing, Mojud, Ship & Shore, and many, many, many more just as well known."

Even though the new owners of Hornaday's name is "Hobby," you can be sure that this new business is not a hobby; the family intends to take an active part in its operation.

So "The Hobbys" are getting prepared for you, drop in and get acquainted; have a cup of coffee and a donut. Look them over, you'll be glad you did.

Sr. Citizens 'Relish' Free Treat

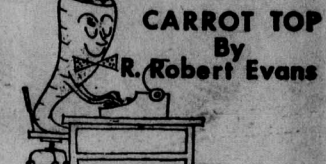

The Sierra Madre Senior Citizens Club met Saturday, November 6 at the Park House. Mr. and Mrs. Gouche from Arcadia were guests. They announced that they had inquired at two different Sierra Madre stores where the Park House was, and no one could tell them. Attention: All Sierra Madre Citizens!! The Park House is in the memorial park, located on Hermosa Ave. and Sierra Madre Blvd.

Helen Hill was welcomed back after an absence. Albert Fergin was reported improved since his surgery, and visitors were welcome. Mabelle Barker is still on the sick list.

At the luncheon, the members were surprised when Carl Reese came in and arranged a lazy susan with olives, pickles, and potato chips. He handed them to Nina Dimick, a senior member, which she passed to the members and they ate with "Relish." After it was all devoured, they learned that it was intended for the Civic Club which was meeting in the Woman's Club House.

All the senior members wish to express their thanks to this group for the lovely surprise treat they received.

The president read "Twelve Things To Remember," by Marshall Field. Lola Bullock read, "Are You An Active Senior Citizen?"

We have heard a lot of pros and cons about the new twenty-five cent piece that is now being circulated in our area. Now we know what they are, and where you can get a fist full of them if you desire.

The new quarters have a copper look, light in weight and are all dated 1965. This week you can get a fist full of them if you will take your dry cleaning to the Drycal Coin Drycleanomat and Laundry at 3537 E. Foothill, just east of the Lobster House.

In celebration of their third anniversary, they will give to each person bringing in a 9-pound load of drycleaning, four of these new quarters absolutely free. These will be uncirculated quarters which have been supplied by Bank of America, Sierra Madre Branch, especially for this occasion. This give-away and feature will be November 19-20-21. There is a limited supply, so get in as early as possible on those days.

Every so often an editor's heart is gladdened by some person who will take a little time out of his busy day and devote it to him . . . this has happened to me many times in Sierra Madre, and among them are highly valued comments. . . The latest one I am going to share with you, as it has deep appreciation on my part . . .

From the desk of John L. Woehler

Dear "Carrot Top": You are doing a magnificent job on our beloved local paper and you are to be especially commended for your work on the Sierra Madre Rescue Team Project. They are beloved and respected by all of us and have brought our wonderful little city much renown. May their tribe increase. . . Keep "Our Town's Paper" highly personalized. . . We like you.

Pertinent to us the fact that the only thing that matters is man's opinion of himself. Here is something from my scrapbook, which I think you will value:

The world accepts a man at the estimate he places upon himself. Many men are strong at times, but strong men make enemies . . . they have detractors . . . calumny calls and hate hisses. Then doubt comes creeping in, possibly the enemies are right . . . ah, who knows! And instantly the doubt is communicated to the public . . . the man's face tells his fears to all he meets. And their estimate of the man is the lowest standard he set upon himself.

This is why we need someone to believe in us . . . if we do well, we want our work commended, our faith corroborated.

So, note this, when you find the strong man he is one who is well sustained.

To associate closely with those who doubt or distrust you is eventually going to make you distrust yourself. —Please turn to Page 12

Special hair effects so popular these days as attention-getters include frosting, tipping and streaking. Frosting is achieved by lightening small strands throughout the hair to create a pleasing contrast with the darker bulk. Tipping consists merely of lightening the tips of the hair, a highly pleasing technique when done properly and with restraint. Streaking is accomplished by lightening wide wings back from the face. Some women prefer the added attraction of a subtle halo effect colored around the hairline. Eye-catching as these effects can be when properly done, careless or inept handling only adds up to disappointment. These high-style effects are but a few of the specialties handled so beautifully. For these effects — in fact, any attention to the hair — you can be certain of tasteful results at PETITE BEAUTY SALON ... 185 West Sierra Madre ... Phone EL 5-8041 ... Imported Wigs from Germany ... Jerry Auwinger puts the finishing touches on a beautifully natural looking wig which he has just styled for Mrs. Andre Giraud at Continental Hair Fashions in Pasadena.

Young Hair Stylist Creates Wig Excitement At Nearby Salon

Continental Hair Fashions feels fortunate to have such a talented young man as Jerry Auwinger on the staff. He has made a thorough study of hair in all its aspects, and serves as wig specialist at the salon. He was trained under a fine European wigmaker, whose art is one which has been practiced in the civilized world for many centuries. Completely qualified in all phases of hair care, Jerry has been an instructor at the professional level, as well as a practicing hair stylist with many years of experience.

Hair quality depends on many factors, including good bodily nutrition, clean air environment, pure water for washing. These positive factors are all present in the European areas from which Continental imports the beautifully textured, vibrantly healthy hair which

is the only kind used in their hair pieces. In the making of the fine wigs featured at Continental, this superior quality hair is hand tied with infinite patience and fashioned with superlative skill into creations of surpassing beauty. Jerry analyzes the client's own personality, skin and eye coloring, and takes a series of exacting measurements of her head. Her wig, previously selected for color by her in consultation with Jerry, is then ordered and individually made by a famous wig house for her alone.

When her wig arrives at Continental Hair Fashions, the client has a fitting in which the hair style is decided, and cutting and styling measurements are made. The wig is then fully styled and dressed, and the client returns to wear it proudly away from the salon. Jerry, as an expert,

stresses the importance of proper care and maintenance of a wig or hair piece. It will be worn with pride and pleasure when it is kept looking its very loveliest. The only persons who will know it is a wig are the ones the wearer tells, for these correctly fitted styled and superior wigs cannot be detected from one's own hair. For flattery, convenience and time-saving, a really fine wig is an enormously rewarding acquisition for a comparatively modest investment.

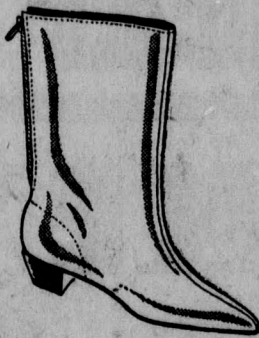

Jerry is available for consultation regarding your wig styling and maintenance, regardless of where or when you may have purchased it. You'll find him at Continental Hair Fashions, the luxury salon at 500 E. Green Street in Pasadena, phone SY 6-6178.

Mrs. Edmund O. Foley, program chairman, introduced the speaker.

Urging all members to attend a benefit lasagne dinner offered by the Mission Circle at her home on Kinclair Drive was Mrs. Loris Buccola. The invitation was for Sunday, November 14, from 3 to 7 p.m. A film about lay mission helpers was shown and musical entertainment provided for the guests.

Mrs. John W. Veale, Ports O' Call chairman, outlined all features of the project she heads for December 1.

New members were introduced by the membership chairman, Mrs. Robert Kealey. They are as follows: Mrs. Philip Abril, Mrs. William Griffe, Mrs. Paul Downer, Mrs. William Blackshaw, and Mrs. T. M. Callahan.

Mrs. James J. Fay, president, described the thoroughly profitable work of the Thrift Shop and asked for volunteers to increase the staff.

Hostesses for the coffee hour were Mrs. Lawrence Mispagel, Mrs. Robert Box, Mrs. Franklin J. Weishaupl, and Mrs. William Walleck.

Susan Berdahl and Dr. Arthur C. Ewers United in Candlelight Services

MRS. ARTHUR COOK EWERS
... nee Susan Berdahl

Dr. and Mrs. Arthur Cook Ewers (Susan Carol Berdahl) are making their first home in San Francisco, where Dr. Ewers is an intern at San Francisco General Hospital and his bride is a physical therapist at Laguna Honda Hospital. They were married in a candlelight ceremony held at the Lake Avenue Congregational Church on Sept. 11.

Mrs. Ewers is the daughter of Mr. and Mrs. Martin Berdahl of San Gabriel Ave., Sierra Madre, and Dr. Ewers is the son of Mrs. William Ewers of Banning and the late Mr. Ewers.

Rev. Raymond C. Ortlund of the Lake Avenue Church officiated at the ceremony. Miss Mtrsha Carey was the organist and David Hanson was the soloist. He sang "Oh Day of Golden Promise" and the "Wedding Prayer."

The bride was given in marriage by her father. She wore a gown of peau de soie and re-embroidered lace. The bodice, appliqued with pearl-embroidered lace, featured a scoop neckline and three-quarter length sleeves. The full skirt was fashioned with unpressed pleats, ending in a cathedral train. Her veil, also cathedral length, was of Brussels lace lined with illusion, and was held by a crown of lace and pearls. The bridal bouquet was a cascade of gardenias, stephanotis and miniature ivy.

For her attendants the bride chose Mrs. Gary Lawrence, formerly Miss Linda Love, and a bride of two weeks as matron of honor, and as bridesmaids Miss Susan Bridges, Miss Dee Trinchero and Mrs. Richard Gorris. The bridegroom's niece, Miss Tabetha Ewers, was flower girl. Her attendants all wore identical floor length aqua peau de soie carried single long-stemmed American Beauty red roses.

Leslie Ewers served his brother as best man. Ushers were Dr. Gregory Graham,

John Logg, John Worme and John Berdahl, the bride's brother.

A reception following the ceremony was held in the church patio for the 250 guests.

The bride attended Sierra Madre School, Pasadena High School and PCC. She had her junior year at University of the Pacific and her senior year at University of California Medical Center in San Francisco and received her degree in physical therapy.

Dr. Ewers attended Hollywood High School, graduated from University of California at Santa Barbara and then received his M.D. degree after four years at University of California Medical Center at San Francisco.

The newly wed Dr. and Mrs. Ewers honeymooned at Big Bear Lake and now reside at 1017 Kansas St., San Francisco.

Annual Art Preview Nov. 21

Invitations went out this week to Sponsors for the Creative Arts Group to attend the preview of this year's Artists Christmas Sale at La Tienda in Sierra Madre. Mrs. Keith Otterbain, Sponsor president, will lead officers Mrs. D. Ray Yoder, Mrs. Douglas Copley, and Mrs. Paul Campion in greeting members and their guests.

The affair will be held on Sunday, November 21, between two and four in the afternoon. Both the Adobe and La Tienda at 35 and 37 E. Montecito St. will display work in many media by some of the valley's most original artists.

Music Teachers' Meet November 17

Earle Voorhies, program chairman of the Pasadena Branch of the Music Teachers' Association of California announces the program for the regular monthly meeting, Wednesday, November 17 at 9:30 a.m. at the studio of Florence Deale, 1341 Sonoma, Altadena.

Mary Louise Smith, president of the Glendale Branch will be the moderator of a panel who will discuss "Teaching Music to Young Children." Members of the panel are: Elizabeth Mills who uses the Suzuki Method for teaching very young the violin; Lucy Vasquez, teacher of piano at Immaculate Heart, and Francis Leach who teaches at the Arcadia Music Mart and whose article "Memorizing as an Aid to Freedom" will appear in the next issue of "Piano Teacher."

Hostesses for the coffee that precedes the meeting are Frances Booth, Ethel Chamberlain, Rocky Horton and Beulah Liggett.

Shakespeare Club Announce Change In Tuesday Series

"Shakespeare Club Fourth Tuesday Series" announces a change on its scheduled program for the second spectacular. However, of equal, if not greater interest, is the appearance of Russell Arms of Hit Parade fame, and Anita Aros, also a television artist, who will entertain at the 1:45 p.m. program on Tuesday, November 23, in the Shakespeare auditorium. Tickets are still available for this show at the clubhouse.

Mr. Arms has just finished "High Buttoned Shoes" with Marge Champion in the St. Louis Municipal Opera House, and "Can Can" with Edie Adams at Melodyland in this area.

Miss Aros has been on tour in Australia and New Zealand, and has appeared in such places as Harrah's at Lake Tahoe, Bimbo's in San Francisco, Shamrock in Houston, and on the Ed Sullivan television show.

Mrs. Walter L. Benedict, program chairman, who has arranged for the appearance of these popular artists, announces that Marilyn Maxwell will not entertain as scheduled because of a new picture contract.

At the 12 o'clock luncheon program in Stratford House on the same day, November 23, Dr. David Allan Hubbard, president of Fuller Theological Seminary, will speak on "Theology in a Technological Age." Mrs. James C. Chambers, president, will preside at the luncheon meeting, and Mrs. A. C. Bischof, Bible department director, will introduce the speaker. Guests are invited to a tea, a social hour in Stratford House following the afternoon program.

Mr. and Mrs. Raymond D. Andrews, 614 Fairview (he's the president of our Sierra Madre Historical Society) will this year be going to the home of their daughter, Regina, now Mrs. Robert L. Burham, for their Thanksgiving festivities. The Roberts Burhams live in Arcadia.

Shakespeare Club A special arts and crafts class will be held for Shakespeare Club members on Thursday, Dec. 2, at 10 a.m. in Stratford House. Mrs.

Class of '40 Plans Reunion

Members of the University of California at Berkeley Class of '40 will celebrate their 25th reunion at 7 p.m. Nov. 19, in the Garden Court of the Sheraton-Palace Hotel, San Francisco, with a dinner-dance on the eve of the big game with Stanford. At 10 a.m., on Nov. 19, a preliminary campus tour will be conducted, followed by luncheon at Alumni House on the campus.

Immediately prior to the game on Nov. 20 at Stanford Stadium, a "Tailgate Luncheon" for class members will be held in a designated section of the stadium parking area.

Orchestra leader Del Courtney, who played for class members in the Bay Area during their undergraduate days, will feature such nostalgic 1940 dance numbers as "Frenesi," "Marie" and "Lambeth Walk."

Chairman of the event is Clifford Barbanell, San Francisco insurance executive. Class President George Brown, Bakersfield attorney, will be present for the reunion dinner-dance, along with 400 other members of the class and their spouses.

Among those attending from the San Gabriel Valley area will be Mr. and Mrs. Claude H. Brown Jr., of Sierra Madre.

You and Your Neighbor . . . at Thanksgiving Time

by Mary-Madeleine Lanphier

Another family group will be that of the Dean Stoddards, 601 N. Baldwin, who will have as guests Evelyn Stoddard's grandmother, Mrs. Anne Hutchinson; her aunt, Miss Blanche Hutchinson of 88 Victoria, Sierra Madre, and her brother, Donald Hutchinson, from Bakersfield.

All the way from Washington, Pa., comes Mrs. Flora Rizer, mother of Mrs. Homer Spriggs of 420 W. Sierra Madre Blvd., to spend the holidays here.

The Lewis Lohrs of 512 E. Sierra Madre Blvd. will have as guests for Thanksgiving dinner the family of their son, Jerry Lohr, which includes two grandchildren, Susan and David, from Glendora; Mrs. Lohr's mother, Mrs. Nina Demick, who is living with them and Miss Vivian Ehrig, 420 W. Sierra Madre Blvd., sister of Mrs. Demick.

Not all Sierra Madres are having quiet family dinners this Thanksgiving. Dr. and Mrs. Ralph Rogers will be leaving Lisbon, Portugal, on that day, traveling on the Santa Maria to the Florida Everglades. From there they will travel westward through the States in the camping Volkswagen acquired in Germany and are not expected home until

Christmas time. The Rogers have been on a long planned vacation around the world for the past five months. They visited the Orient on the President Jackson, went to Genoa, Italy, and from there by train to Stuttgart, Germany, where Dr. Rogers attended the 15th Annual Dental Congress of that country. Then they toured in the new Volkswagen to Switzerland and through France and Spain to Portugal.

Mr. and Mrs. Fred Johnson of 1295 Davenport Road will have as dinner guests their daughter and her husband, the James W. Taylors.

It seems truly a traditional when there is a great-grandmother present at Thanksgiving, and that will be the case at the home of Mr. and Mrs. Joseph Delgatto, 734 Fairview Ave., for Mrs. Jennie Messe, Mrs. Delgatto's mother, makes her home at the same address, and gathering for the holiday will be three sons and six great-grandchildren: John, a freshman at University of California Irvine; Joseph Jr., with his wife and children, Anthony, Michael, and Mary Anne, and Peter and his wife and children, Peter Jr., Theresa and Stephanie.

The Dick Jones, 395 E. Laurel (and the Sierra Madre Civic Club), will have a whole weekend of holiday. First, Mrs. Jones' sister and her husband, Mr. and Mrs. Thomas Lindersmith, will be coming to join them here for dinner, and then the whole family, which of course includes the Jones children, Jennifer and Jeffrey, will go for a beach weekend to the home of Mrs. Jones' mother, Mrs. Frank Klock, at Corona del Mar.

Pasadena Chapter Luncheon Meet

Pasadena Area Chapter of Project Hope, a component of the West Coast Committee for Project Hope will hold the next meeting at a luncheon Friday noon, November 19 at the home of the president, Mrs. Charles D. Allis, 696 Winston Ave., San Marino.

Physicians and dentists of this area who have served on the Hospital Ship Hope recently, and intend to serve again next year, will be honored guests with their wives. These men who have been rotators on the ship are enthusiastic supporters of this,

Rho Chapter Beta Sigma Phi Guest Speaker

Members of Rho Chapter of Beta Sigma Phi will have a most interesting evening in store for them when they meet Thursday, Nov. 18, 8 p.m., at the home of Mrs. Robert Moritz of Pasadena.

Mr. Henry M. Killan of Consolidated Electrodynamics Corp. will be guest civil defense speaker. He will speak on "Earthquakes—Their Causes and Effects."

Mr. Killan is a well-known geologist who has worked for most of the major oil companies and has been employed as a consultant and lecturer on petroleum and ground water geology.

Some of the members who already have indicated they will attend the meeting include Mmes. Walter Christiansen, Robert Curtis, Stan Huntington, Gary Hoff and Russell Richardson.

Others attending are Mmes. Brent Rock, Bruce Shoup, Robert Stirrett, Richard Michelson, Kirby Shaw and Charles Wright.

The San Gabriel Valley Council of Beta Sigma Phi recently held a presentation dessert. Mrs. Stan Huntington was Rho's representative to model in the fashion show held at that time.

"People to People," mission whose object is to teach the doctors of undeveloped countries the most advanced methods of treating disease and injuries.

After the luncheon the president will preside at a short business session, where plans for the benefit will be discussed.

Tentative arrangements are being made for a dinner dance at the Altadena Country Club early in the spring. Mrs. Herbert Hezlep III, chairman of ways and means committee, will be in charge. She is a Sierra Madre resident.

An APOTHECARY Weighs & Measures

The Dermatogenic ANACARDIACEAE

Which is just a scientifically botanical way of saying POISON OAK to you! You know, many a country vacation has been ruined and all the fun spoiled on many camping trips because people forget the old American adage — "Leaves three, let it be" and this truism is overlooked to the extent that "Rhus" poisoning is the number one cause of skin irritation.

Beside poison oak, ivy and sumac several other plants will cause a severe skin reaction — among them is the Japanese lacquer tree, India Ink and Mango trees and the Cashew nut hull. Strange as it may seem — if you are sensitive to one of these you will more than likely be sensitive to any or all the rest. This will explain why some people traveling abroad will have all the symptoms of "Poison Oak" without being anywhere near the plant, and here in our area one must be rather careful in handling our native leaf-molds as manytimes it will have some contaminating leaves which will cause a rash very similar to poison oak.

From a practical standpoint, the real solution to poison oak is prevention. This may be accomplished by removal of, or avoiding contact with the plant, or removal of the plant material after contact by suitable means since most all "barrier" creams offer no protection at all. Modern medicine has produced a number of "drops" for reducing the chance of poisoning (dermatitis) but the results vary greatly, some will be completely protected and others not at all, so remember "Leaves three, let it be."

Villa Views

Philipson, Mrs. Margaret Thompson, Mrs. Doris Smith, and Mrs. Fran Wilson.

The "Hill Group" took off last weekend for a holiday of carefree living and golf. They all had reservations at the "Islandia" Motel in San Diego. The idea of the trip was to have a handicap golf tournament.

Who won is not so important as the "game." They truly had a lot of fun just being together and in new surroundings. Some of the couples went down on Thursday to blaze the trail with the rest following Friday. In the whole party however were Gene and Nancy Rode, Dom and Pat Gangregorio, Charles and Chrys Goldsworthy, Bill and Pat Olson, Charlie and Phil Hardison, Jim and Jane Smith, Bob and Nancy Mueller, Chuck and Pat Eldson, Bob and Edna Meason, Allan and Betty Stearns, and Forrest and Meanie Paxson.

We have a delightful new couple on Old House Road. They are Mr. and Mrs. Ted R. Smith (Ted and Doris to their friends) and their daughter Rita.

They have just recently purchased and moved into the Edward Halperin home and are loving every day of their being here.

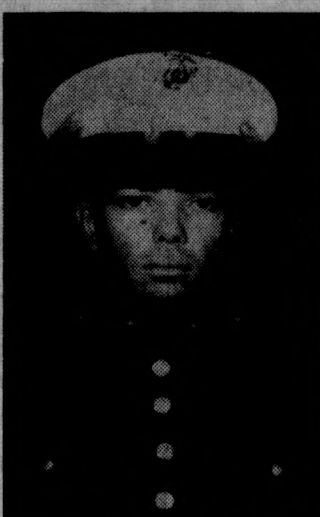

The Smiths are no strangers to this town as Mr. Smith is director of the Pasadena Civil Defense organization. He has never been so close to his work. They formerly lived down on Green Street.

I have never seen anyone get settled quite so quickly as the Smiths, and already they have had several housewarmings to show their new home. Their first party was last Sunday when a great many of their friends from the Pasadena Lions club came for cocktails and dinner. (Both the Smiths are active in the Lions Organizations). I believe there were around 70 guests at that party.

They followed that by a smaller party for around 30 friends from among the personnel of the Civil Defense Group and their wives. This too was a dinner party. In between times they had a few couples over for just little intimate dinner parties. Last week it was Walter and Adeline Hendrickson.

Doris is getting me all inspired to start thinking about entertaining once again . . . Welcome to the both of you, and to Rita.

L. D. Gonzales Graduates

LAWRENCE GONZALES

Sgt. Bob Nichols, the Marine Corps recruiter in Monterey, announced today that Marine Pvt. Lawrence D. Gonzales, son of Mr. and Mrs. Lawrence Gonzales of 30 S. Lima St., Sierra Madre, has graduated from recruit training. During his eight weeks of intensified recruit training under veteran noncommissioned officer drill instructors, he learned small arms marksmanship, bayonet fighting and methods of self-protection, as well as instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He has been assigned to Camp Pendleton for at least four weeks of advanced combat training before being assigned to a school or to a Marine combat or support unit.

Dog Training In November

During the month of November, the Santa Anita Dog Training Group will be starting two new dog obedience classes in Arcadia County Park. In addition to the evening class, another Saturday afternoon class will be held due to the popularity of these classes during the winter months. Any dog five months and older may be enrolled, and in some cases younger dogs will be allowed to train.

Besides basic obedience, this eight-week course also takes care of any problems. The new classes will start on Wednesday evening, November 17, at 7 p.m., and Saturday afternoon, November 20, at 1 p.m. For further information please call either 446-6853 or 356-1096.

Ascension Day School To Hold Ingathering

The 18th annual Thanksgiving Ingathering of Ascension Parish Day School will be held on November 24, to provide food supplies for the Episcopal Church Home for children in Pasadena. This yearly event is sponsored by the Los Angeles Episcopal Diocese. The home is the only one of its kind on the west coast.

Students from the 7th and 8th grades of Ascension Parish Day School are enthusiastically decorating cardboard boxes which will soon be brimming over with staple foods. All of the children in the school will bring their gifts and form an impressive procession into the parish church to place the supplies at the foot of the altar.

A tour of the Episcopal Church Home will follow and give some of the students the opportunity of seeing how their contributions are used. Sister Noel, principal of Ascension Parish Day School, feels that the ingathering is one of the most inspiring service projects of the year.

Berkeley, San Marino from 4 to 7 p.m. Details may be obtained by calling Mrs. Deaton at 792-6413.

Local Hospital Auxiliary Benefit Rummage Sale

Sierra Madre Community Hospital Auxiliary is setting out to prove discards can be treasure. Mrs. Eldon Clough, ways and means chairman, invites all to "Come Rummage With Us," on Friday, November 19 from 9:30 a.m. to 3:30 p.m. The fund-raising event will be held at 53 N. Baldwin in Sierra Madre.

The junior auxiliary — the candy strippers — will also participate there with baked goods for sale. Candy Striper Carol Rothbart, has made the attractive posters around town announcing the event.

The Auxiliary, formed in 1961 has an impressive record of hours of service and projects completed for the benefit of our Sierra Madre Community Hospital. Their most recently completed project is the surgery improvement fund and the purchase of a new surgery light.

Auxiliary members are also getting together once a month for lunch and round robin bridge. Mrs. Jack Tilley is chairman of the bridge, a fun for funds project for members and prospective members.

Recently the hospital paid tribute to these volunteer workers by holding the annual hours awards tea at the Hermosa House. Mr. Lester K. Latham, hospital administrator, complimented the workers and briefly outlined the history and structure of the hospital foundation.

Mrs. William A. Stoddard, poured for the guests at the tea. Mrs. Stoddard was presented with a plaque for outstanding service. As workshop chairman, she has over 1,300 hours of service this past year and her beautiful creations made the "Christmas Boutique" such a success. Mrs. Jack Eisenhart, assistant administrator, presented lamp slins with numeral guards to all those who have served 30 hours or over.

Hastings Garden Club Reveals Christmas Project

The Hastings Ranch Garden Club will hold its November meeting at the home of Mrs. Keith Lauritzen, 3595 Newhaven Road, at noon, Nov. 23. Each year the club of 32 ladies has a project to help some needy group. At this meeting, Mrs. Robert Christmas and Evan Whitlock will direct the members in making a Christmas tree to be given to the Scripps Home (Pasadena Home for the Aged) in Altadena. The tree will be placed in the outside yard and will consist of a combination of metal containers and cellophane with a spotlight that will reflect the lights so that the tree will resemble a stained glass window. It is hoped that the Christmas spirit of these ladies will be a source of happiness to those in the home and others who may pass by and enjoy its beauty.

Mrs. A. J. Cunningham is another who will be spending the day with her own family. Expected for Thanksgiving at her home at 2326 N. El Molino, Pasadena, are son, James and his wife and their son, Sean; Son, Joseph, and his wife and children, Cheryl and Tracy, and daughter, Mrs. James Glasscock, with her husband and their son, James.

You and Your Neighbor ... at Thanksgiving Time

by Mary-Madeleine Lanphier

There will be no less than eight grandchildren at the home of Mr. and Mrs. Robert Lambert for turkey time. Robert, Mary Jo and Melinda are the children of their daughter-in-law, Mrs. C. W. Lambert, and Ann, Cynthia, Ross Jr., James and Mary are the children of their son, Dr. Ross Lambert.

For the eighth successive Thanksgiving the Bert Embrees of 71 S. Baldwin (and the Sierra Madre Baseball Association) will join a group of friends for a camping trip in the Black Mountains around Barstow. Whether it's cooked indoors or outdoors, it's still Thanksgiving dinner!

The president of the American Legion Auxiliary in this area, Mrs. Effie Pratt, 130 Alta St., Arcadia, will be going to Santa Ana to be with her daughter, Mrs. Lindsay Stevens, for Thanksgiving.

Sun City is the Thanksgiving destination for Mr. and Mrs. Malcolm Murison, 30 W. Mira Monte Ave. There they will be guests of Mrs. Murison's parents, Mr. and Mrs. M. B. Monson. Joining this couple and their children, Jeff, Leslie and Robin, will be the family of Mrs. Monson's sister, Mr. and Mrs. Igor Dekansky and children, Svetlana, Alexander and Sophie.

The Kenneth F. McDonalds, 544 Atchison, Pasadena, will be having their son, James, his wife and their children, Kenny and Cheryl, at their home for dinner on Thanksgiving Day.

It will be home, but wel-

come quiet for resettling over the holiday weekend for the Bernard Yunks, now that they have sold their Town and Country Apartments and at last moved into their new home at 667 Canyon Crest in Sierra Madre.

The William G. Grooms are another family welcoming a freshman home from college for the holiday: their son, John, now a freshman at Claremont College. Also expected at their home at 1101 Singing Wood, Arcadia, is their daughter and her husband, Mr. and Mrs. William W. Drury III, and son, Billy, from Pasadena.

It's not surprising to hear that anyone as "friendly" as the B. Patrick Sewalls of the Friends of the Library are planning to have a whole houseful for dinner at their home at 75 N. Canon Ave., in addition to their children, Richard, John and Mary. So far, the guest list includes a son and wife, Mr. and Mrs. Patrick Sewall, Pasadena; Mrs. Sewall's sisters and husbands, Professor and Mrs. L. M. Buell of Claremont and Mr. and Mrs. Yngve Ahla of Westwood; a niece and her husband, Mr. and Mrs. Charles Holloway of Encino and their children, Deborah and Susan, and Mr. and Mrs. Weber Holloway of Whittier.

Survivors include his wife, Emma T. Nord; a daughter, Mrs. Grace Hilton of South Pasadena; a sister, Mrs. Grace Holtam, and a brother, Paul Nord, both of Chicago, Ill., and one grandchild.

Arrangements were made by Ripple Mortuary, Sierra Madre.

PEPTONE

by Deedee & Alice

You think you could have a hit in about 1-2-3. Well, then ask Len Barry; he seems to have done just that. In a few weeks his record 1-2-3 went from nowhere to number one and Len isn't complaining.

Since his departure from the Dovells, Len had written several popular tunes but just couldn't adjust to the fact that you don't win acclaim for writing songs—you have to sing them. Now he's singing them and he's anything but unknown.

When you listen to Len you could very well think of him as a Negro. A few contributing factors to this might be he was on the road with Negro tours for nearly five years and some of his favorite entertainers include Sammy Davis Jr., the Miracles, and Mary Wells.

Len thinks that his whole career is based on favors people have given him, and his reaction is one of thankfulness. He wants to thank people instead of protesting against them.

Watch for something new in next week's column!

Want a good group for your party or want to know something about your favorite singing group? Well, loves, you know what to do—send a post card to Deedee and Alice in care of the Sierra Madre News.

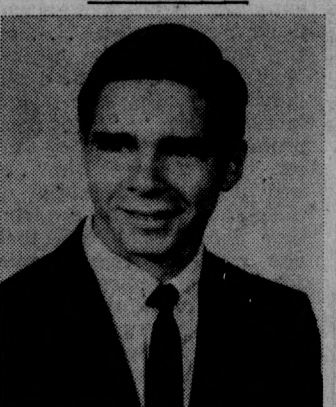

Kiwanians Hear Red Cross Report At Luncheon Meet

The new officers for 1966 Sierra Madre Kiwanis Club are now installed, and will take office in January. At the recent installation dinner, President Dr. David Kirkpatrick presented a check for \$100 from the local Kiwanis Club to the Sierra Madre Search and Rescue Team, in the memory of Emile Smith.

Mr. Smith was a member of the Sierra Madre Kiwanis Club and he and his wife, Madeline, took an active interest in the Search and Rescue Team, and their son, Ray, is a member of this well-deserving group.

At the regular weekly luncheon meeting of the Kiwanians, held Tuesday, Nov. 16, Walt Fader and Bill Lockwood introduced the program, which was an interesting talk on the activities of the Red Cross, and an appeal for volunteer drivers for this busy organization.

In case anyone is interested as to the whereabouts of the "pig" that was presented to President Dr. Kirkpatrick of the local Kiwanis and then on to Arcadia, well, he is safely at his home club in La Puente. The "pig" was purchased at the L.A. County Fair with the sole purpose of being presented to the La Puente 4-H Club, after it was fattened up by making the rounds of the 15 Kiwanis Clubs in the district. So, all's well that ends well.

GREG HYDE of 3575 Greenhill Road, Pasadena, recently was elected president of the freshman class at Claremont Men's College. Hyde is a graduate of Pasadena High School where he was active in the Key Club, Boy's Cabinet, and was senior class vice president. He entered Claremont Men's College this fall where he intends to concentrate his studies in the general area of economics and political science.

Registered Nurses Needed By Red Cross

Registered Nurses are badly needed to help in the Red Cross Blood Program in the Pasadena Chapter area, according to Mrs. Charles H. Weber, Nursing Services chairman for Sierra Madre Red Cross.

She says there are five Bloodmobiles every month in the area, and at least two Registered Nurses are required to service each Bloodmobile. Only a Registered Nurse can do the screening of blood donors.

In addition to Sierra Madre and Pasadena, the area includes Monrovia, San Marino, South Pasadena, Temple City and La Canada.

Mrs. Weber urges all Registered Nurses who can give as much as six volunteer hours once a month to telephone, as soon as possible, 799-0841, extension 66 Nursing Services, for more information.

Orchid Society Meets Nov. 18

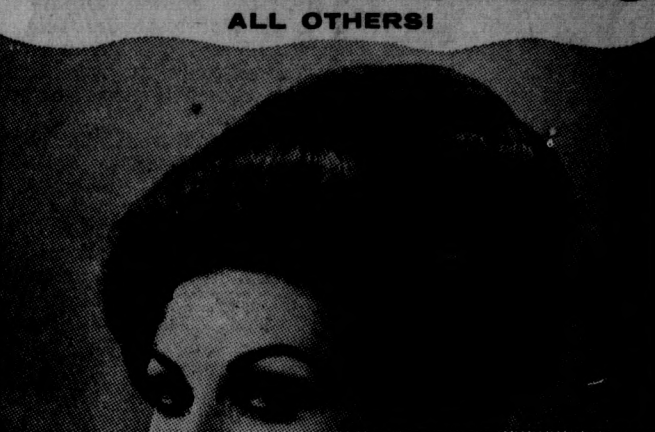

On November 18, the San Gabriel Valley Orchid Hobbyists will have their regular meeting at the Los Angeles State and County Arboretum, Arcadia. Meeting starts at 8 p.m.

Bill Perkins of United Airlines will be the speaker for the evening. He will show pictures on Hawaii and explain what clothes one should wear on the Islands, also he will give demonstration on how to pack your luggage. This should be of interest to all who are planning to go on the Hawaiian trip in the fall of 1966.

The culture class will meet at 7 p.m. in the Lecture Hall. Mrs. Ferguson will give demonstration on making corsages.

And then we get dead conformity, hopeless mediocrity, nothing more. The individual who thinks well of you, who keeps his mind on your good qualities, and does not look for flaws, is your friend. Who is my brother? I'll tell you, he is the one who recognizes the good in me.

Thank God every morning when you get up that you have something to do that must be done, whether you like it or not. Being forced to work, and forced to do your best, will breed in you temperance, self-control, diligence, strength of will, content and a hundred other virtues which the idle never know.

My religion is one in which on this earth I will make every effort to make knowledgeable humans out of my professional brothers. Sincerely,

I heard quite an interesting conversation in Roess Market the other day when a lady at the check counter made the following remark: "Ten years ago I only had to pay ten cents a pound for these prunes." . . . Now John Kennedy, the esteemed cash-ier at the front check-out stand, is not a man who is slow on the ball . . . no, sir, not at all, for he immediately answered the lady in a very stern and factual voice: "Not these prunes, madam, they are less than one year old."

and from the wrinkles on the prunes it was amazing how John could tell their age . . . but there again, John is a smart groceryman, and he didn't just start in the business last week and work all week without finding out something or other about prunes.

Again it has come time to end this column for the week, so I leave you with this bit of a remark . . . "This so-called Great Society is a strange society under which wives as well as husbands must work to support their families to pay their taxes so that the Government can spend billions of dollars to support families that don't work at all." . . . Some day this will all come to a roaring halt . . . I hope, I hope, I hope.

Letters to the Editor

Dear Editor:
The following is an open letter in answer to a complaint about possible animal cruelty published in the News on November 4. Dear "Neighbor":

I am always on the alert to reach anyone interested in prevention of cruelty to animals and I was pleased to find your letter in our local paper.

We do have our SPCA's and I have called and received their cooperation many times. There is the Mercy Crusade, 287-5846 and 286-7156, that will investigate reports of neglected or mistreated animals. There is the Society for Animal Protective Legislation, 745 Fifth, Ave., New York 22, New York, that keeps anyone interested, informed as to bills and hearings presented to Congress.

When President Johnson was Speaker of the House, he was helpful in passing a bill for humane transportation of cattle, swine, etc. Our Representatives in Washington are responsive to our requests for legislation for prevention of cruelty to animals. They have replied to my letters to them in a most gratifying way and I have a reply from my letter to President Johnson.

If we are to stamp out, or at least alleviate this horrible practice of cruelty to helpless creatures, we have to brave the animosity of neighbors who indulge in this practice and report them.

Any person guilty of such conduct is probably incapable of humane treatment of his fellow man.

If we call down upon ourselves criticism and indignation from those we report, we can look back over the years and find that our present laws and the enforcement of these laws came through the efforts of those who were able to disregard criticism and indignation.

I am sure your letter, published November 4, was of value to many who read it. I hope that the addresses and phone numbers contained in my letter will be used to direct anyone interested in obtaining information and guidance for action.

Dear Editor:
Unfortunately, the sun may be setting for the Shasta Daylight, a fine Southern Pacific passenger train. Those interested in rail passenger service, other than the tax loot derived

therefrom, could better have voiced their objections to state and federal legislators. Politicians are responsible for two-faced government transportation policies. Regulating commissions endlessly repeat their pious recital of railroad obligations to provide service, regardless of profit or loss. At the same time, tax gatherers loot railroads with a vengeance for that which is freely given to subsidized non-rail transport. The so-called California State Board of Equalization assesses railroad property at twice the value of other private property. Thus train riders in Oregon are victimized by the Robber Baron tax unequals of California.

Did You Miss Your Property Tax Bill?

You may be one of the 75,000 taxpayers who have not received your tax bill either because there was no mailing address in the files of the Tax Collector, or because the bill was returned undelivered by the Post Office.

On November 1, Harold J. Ostly, Tax Collector, mailed 1,393,012 tax bills to Los Angeles County property owners. If you did not receive your tax bill, notify the Tax Collector immediately so as to provide yourself sufficient time to avoid a late payment and penalty.

To obtain a tax bill, you will need your legal or deed description. You may call MA 6-6311, or write to Harold J. Ostly, Tax Collector, 225 N. Hill St., Los Angeles, 90012, or go to Room 130, Hall of Administration, 225 N. Hill St., Los Angeles. If your taxes are paid by a loan company or bank, it is not necessary for you to request a bill from the Tax Collector.

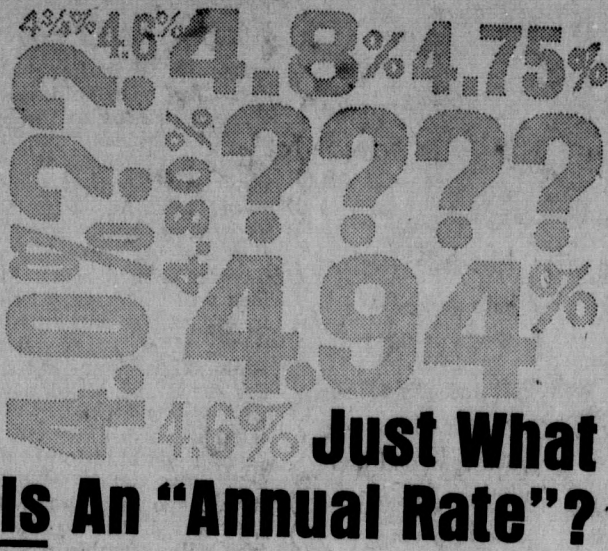

Failure to receive a tax bill does not excuse the property owner of payment if the taxes become delinquent.

The Tax Collector's office has already had many people paying their taxes in person. To avoid waiting in line to pay your taxes and to save yourself transportation expense, mail your bill and payment to the Tax Collector.

Mr. and Mrs. Thomas Ryan, of 387 E. Sierra Madre Blvd., Sierra Madre, are the proud parents of a brand new baby girl born Friday, November 5 at St. Luke Hospital.

This new arrival has been given the name Tara Kathleen and she weighed in at birth, 7 pounds 2 ounces. Waiting at home to greet his baby sister is big brother, Thomas Patrick, age 12; also welcoming little Tara are the grandparents, Mr. and Mrs. Elmer Chabot and Mrs. Essie Ryan, all of Pasadena.

Percentages can be confusing—whether they represent interest (in state-chartered, individually owned associations) or dividends (in Federally-chartered, mutually owned associations).

Our current "annual rate" is **4.85%**. But let's translate that into dollars and cents.

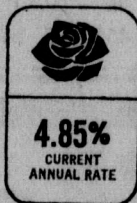

Suppose you open an account at Pasadena Federal sometime in the first 10 days of any quarter with **\$1,000**. Suppose you add nothing to it but also withdraw nothing. In 3 months you would earn one full quarter's dividends, or **\$12.10**. In 6 months dividends would be **\$12.30** for a total of **\$1,024.40**, in 9 months **\$1,036.80**. And if you let earnings compound for the entire year, you would have **\$1,049.40** in your account. Which actually makes your "annual rate" **4.94%**.

The important rate is the "RATE" at which you save.

(Very important too is the conservative management and insured safety that protect your principal and assure your earnings. You feel secure here, with good reason!)

Editorially Speaking...

The Best For All

This is only November, but even at this early date, much comment and talk is being generated about the forthcoming city election to be held next April.

Of course it is almost five months too early to make any predictions, but one thing I do know and that is if the talk and comments continue to increase on the basis that they have in the past thirty days... this city election will be one that will make its mark in Sierra Madre history.

A fact that all of us know this early, is that there will be three vacancies to fill on the City Council. Mayor Abernethy will have completed his four-year term, three as Councilman and one as Mayor. Ralph Rule and Frank Parks also will have completed their four years of public service... will they run again is the great question... and of much more concern is, if they do not run, who will be the contenders for this "thankless" trio of positions?

There are several important things that will have a great tendency to answer these questions before April... One of these is the promised revaluation of all city departments. What those men in office today do about straightening out what is termed by some a "governmental and hairy mess," will be one of the factors as to who runs against whom, and the purpose for which they may run. At the present time, in what I term as a "one man stand" Councilman Parks is trying his best to accomplish that which he understood to be the desires of the electorate. He is making some headway, but he is going to have to be more demanding and much more pointed if he gains the purpose for which he is fighting before April.

At this time Frank does not believe that he will be a contender for this coveted position. He fairly well feels that he has "had it," but a great many things can materialize and happen before April. Although they have not definitely committed themselves this early, it is felt by those who are close to the situation, that both Ralph Rule and Mayor Abernethy will place their names before the Sierra Madre electorate for another four-year term, and rightfully so, if that is what they desire, so be it.

We have no quarrel with the present administration that we wish to expound at the present moment. They did inherit a passel of problems of which some of them have been accomplished... Suffolk extension is now underway and will be completed by January 1, and it just could be that other problems could well be diminished by April election.

Now it is not our desire to set down here that we feel this administration should build a "New Civic Center," but we will repeat and repeat again and again... WE CERTAINLY NEED ONE, and I doubt if very many people can deny this statement... whether or not it should come ahead of other projects, or whether the present City Hall should be overhauled is the "bone of contention."

For us, we will state here that approximately \$240,000 is now in the Capital Improvement Fund, and this money is doing very little good, except drawing about \$10,000 per year interest, which is placed in the General Fund to help alleviate, in its small way, a portion of our taxes each year.

Our Jail has been condemned year after year, and the time is now short when something must be done to hold the increasing need of this department. Of course to keep within the ordinances, rules and regulations that the City has set down for others, they must in turn abide by them in the event they may desire to rebuild or reconstruct the now antiquated City Hall.

It is a fairly well-known fact that there isn't an ounce of structural steel in the building, that the electrical system and plumbing system are completely away from code as are fire restrictions and their requirements. Space is another thing to contend with, and as a layman knowing nothing about construction or reconstruction, it is my guess that to revamp the present City Hall and to acquire a new City Jail and quarters for the Police Department and accomplish some additional room for other operating departments, we are thinking in the vicinity of over \$150,000, which of course could not compare in any respect to a New Civic Center, which we would estimate to cost about \$300,000 less the selling price of the present building.

Anyway, again we say it is not for us to insinuate that it should be done now, it is our thoughts that WE CERTAINLY NEED IT.

Now this could well be the two campaign wrangles to come forth for the April election... The Revaluation of Departments and the New Civic Center, both of which may be or could be resolved by April.

Let's not get ourselves upset during the Holiday season, but quietly think the matter over... February and March are the months to really bear down on your thinking, but in the meantime judge what you think is best for all concerned, then act your convictions.

No Alibi For Lawlessness

All manner of excuses are given for the waves of juvenile delinquency that continually poison this country. It is said that some way, some how, society has failed these errant young people and so society must take the bulk of the blame. How about parents?

A man who is a real authority on crime and its causes — Director J. Edgar Hoover of the FBI — holds a very different view. In his words, "Teen-agers and their parents have been subjected to a foolhardy theory which condones rebellious conduct against authority, law and order, or any regulatory measures which restrict their whims, wishes, desires, and activities. This astonishing belief has spread into the schoolroom, the living room, the courtroom and now into the streets of our nation in the form of wild, drunken brawls."

"No doubt society has failed our youth, but not in the way many seem to think. Rather, the dereliction has been in the failure to teach them the meaning of discipline, restraint, self-respect for law and order and the rights of others. Consequently, the lesson now is both painful and costly."

The surest way to turn the juvenile delinquent of today into the hardened adult criminal of tomorrow is to pamper him. The foremost right and duty of society is to enforce the law under representative government.

Ronald W. Pulling, son of Mrs. Mary W. Pulling, 382 W. Montecito, is promoted to the post of chief of Facilities and Material Depot, for the Federal Aviation Agency at Oklahoma City. Pulling was educated in Sierra Madre and the University of California.

Mr. and Mrs. William F. Nash of Mesaloe Lane, give a party to honor Mr. and Mrs. Harold Sharp who are leaving for a 9-month stay in Australia. Their friends will miss them and 25 were on hand to say so.

Louis Arce of 280 Old Ranch Road, dies at the age of 83. He had been a resident of Sierra Madre for 50 years and was employed as a civil engineer by Los Angeles City for more than 35 years.

A special "Silver Medal" award trophy is presented by Governor Brown to Nat and Eleanor Wood, 1430 Tropical Ave., Hastings Ranch, for Mr. Wood's entry in the annual California Press-Radio-TV awards.

At the annual meeting of the Sierra Madre Little League Association, Arthur G. Albertson is elected president, succeeding William H. Coulson Jr., who has done an outstanding job. Paul D. Westman is elected vice president and Chester F. Lighthizer, secretary.

Our local telephone company, California Water and Telephone Company, wins second place honors for safety by the Greater L.A. County Chapter of the National Safety Councils. The company operates a total of 414 vehicles, which travel over 4 million miles a year.

Dr. Howard P. Robertson, 590 N. Auburn, professor of mathematical physics at Caltech, will participate in a N.Y. conference on peace, sponsored by Fordham University and the Carnegie Endowment for International Peace. Dr. Robertson was a science advisor to the Supreme Allied Commander in Europe from 1954 to 1956, and was director of research, Weapon System Evaluation Group of the Office of the Secretary of Defense during Truman's administration.

Rudolph R. Hartman, owner of the Hartman Rexall Pharmacy, 29 N. Baldwin, is awarded a citation signed by President Dwight Eisenhower from the Small Business Administration of the U.S., praising his efforts in promoting registration and voting. "I am most grateful," said Mr. Hartman. "More than ever before we must all participate in elections and work to get more Americans to the polls."

Elmer Hertwick is in the Big Santa Anita Canyon writing his history of the canyon and back country in which he has lived for more than 40 years. He is staying at "Riley's Cabin" on Chantry Flats, belonging to Hubert Hertwick. The News runs a picture of mountain lions shot by Hubert Hertwick at Horse Flats, Pacifico Divide, 6,000 feet up.

Speaking of mountain lions, the Howard Chamberlains, 668 Canyon Crest Rd., report to the police that they've seen our own marauding lion near their home again and Officers Douglas Tucker and Leonard Carnighan of the Sierra Madre police are on the lookout for him.

Another kind of scare is experienced by Sierra Madre residents for a while when a particularly dazzling display of Northern Lights causes phone calls to the Police Department before the bright lights are identified.

Mayor W. Webster Vannier will deliver the Presidential proclamation at the annual Thanksgiving service which

will be held in Memorial Park. This is one of the finest of our community traditions in Sierra Madre and an attendance of hundreds is expected. Seats have been rearranged this year so that viewers will not have the sun in their eyes.

Ten Years Ago Today:

Mr. and Mrs. Ira Lackey of 1484 Old Ranch Rd. show their two Boxers for the first time at the All Breed Winter Dog Show of the Glendale Kennel Club and each wins a third place ribbon. This is the first adult dog competition for the Boxers, though they have boxes of ribbons won as puppies. Mrs. Laskey is training the dogs herself and can often be seen walking them in her neighborhood.

Mr. and Mrs. Max Goudge, 1180 Hastings Ranch Dr., and their children, Penny, Joyce and Mae, return from a visit to Mrs. Goudge's parents in Utah. While there, Mr. Goudge bagged the first deer of the season.

Eugene Field's flag football team overwhirls Hamilton, 84-9, thereby clinching their Elementary School League division championship. Meanwhile, the population of Sierra Madre continues to expand at such a rate that Mrs. Mess de Gamboa, principal of Eugene Field, and a committee of PTA parents, petition school authorities for three new classrooms.

Twenty Years Ago Today:

Lt. Matthew Svilar is home from his service in Europe and busy making the acquaintance of his little daughter, Dianne, 2½, whom he has not seen since she was a baby of 4 months. Mrs. Svilar and Dianne have been living at 355 N. Auburn. Sierra Madre is very proud of the citations received by Lt. Svilar for repairing artillery under fire; he also has the Bronze Star.

WAC Pfc. Margaret M. Groth, daughter of Dr. George W. Groth of this city, is returning to the United States from duty in the Pacific; she is the third member of her family to don a uniform in the armed forces.

The American Legion dance held at the Woman's Club of Sierra Madre is such an outstanding success that it is planned to make this an annual tradition. The dance was primarily to welcome returning servicemen.

As always, animals play a part in the news of interest to citizens in this very homey city. The police blotter reports that a dog, dead from natural causes, proves to be a beloved pet and the owner requests consideration for "a respectable burial." A runaway nanny goat keeps Mrs. Margaret Walls from entering the Pratt Market where she is employed; when the police car came to the rescue, the goat takes off, but later is captured and restored to the owner by the son of George and Nina Norris.

The Los Angeles County Flood Control District is conducting tests to locate the best site for a permanent spreading ground north of Grand View Ave., from which it is hoped that water will percolate underground and flow into the Raymond basin. It is planned to establish a chain of spreading areas for all washes along the foothill area.

A lot of worry can be wasted on other people.

Sea Shells of World Exhibited At Local Library

From the informative brochure by Mr. Harry Vorkink and Mrs. Julia Vorkink on sea shells that are on display at the Sierra Madre Public Library, we learn the following: "Since the beginning of man and unto our present era, sea shells have played a great part in man's economic, religious and daily life."

"Shells are the product of a group of animals so old that its fossils are found from the Paleozoic era more than 300 million years ago, the earliest time from which any kind of animal remains are known."

"For many centuries the Cowrie shell has maintained a unique position as the world's most basic coin, having been imitated in gold, bronze, ivory, clay, jade, white marble, quartz and iron, and is even used as money in parts of Africa, New Guinea, Latin America and Polynesia today. There is a law now prohibiting the export of the Golden Cowrie from Fiji, where it is worn as a symbol of sovereignty."

A very interesting specimen, the "Turbo Marmorata" green snail from the South Seas mounted on silver was used by Scandinavian monarchs as drinking cups; the snail was used as food by the Japanese, and then the shell made into buttons and ornaments.

Each observer of the display will choose a favorite; it might be the "Conus Leopardus," which could be an inspiration for a rocket. This is in white and black. The "Cabbage Murex Brascica" from the Gulf of California is intricately formed and beautiful.

We are told that only an affluent Indian would be able to possess the Cerebral Cape made from the Money Shells by the Klamath Indians. The date 1850 is attached to this creation. An attractive color piece is the modern Greek "Good Luck" charm made for cattle and horses. It is always blessed to protect the animals; the pendants of pink and brown leather are decorated with the Cowrie shells.

A charming delicate shell is the "Chambered Nautilus," sliced in half, showing successive growth stages. The West Coast Indians, the Canallinos, the Gabrielines, made fish hooks from the abalone shells. The display shows the steps in the manufacture of the hooks.

The gold framed pearl specimen is interesting... "the pearl itself has a fabulous history as a precious jewel." Again excerpts from the brochure mentioned before: "The wealth of the ancient Phoenician merchants was derived from the dyes obtained from the Murex. The royal houses of Persia, Babylon and Syria all wore Tyrian dyed purple clothing derived from this colorful shell."

"The shells from the mighty clam, Tridacna Gigas, are often used as basins for holy water in churches around the world."

It is a charming display, and Mr. Vorkink of Arcadia, upon request as stated in the brochure, will set up authentic exhibits of tribal antiquities.

A lot of worry can be wasted on other people.

How many real friends do you really think you have?

Many tales start with: "Well, they tell me..."

Faith in one's self is the foundation of success.

Arcadia Receives \$40,000 For Street Improvement

County supervisors have allocated \$40,000 to assist the City of Arcadia in improving Santa Anita Avenue from Foothill Boulevard to the within the city, reported Supervisor Frank G. Bonelli.

The work will consist of reconstructing and widening the existing 4-lane divided highway to provide 4 traffic lanes plus 2 parking lanes and a center median strip. Included in the project will be the construction of curb, gutter, roadway drainage structures and pavement. In addition, the existing traffic control signals within the limits of the project will be upgraded.

The improvements are scheduled to begin in the last quarter of 1966 and will be coordinated with the Foothill Freeway construction project.

The Supervisor remarked, "This type of cooperation between the county and its cities makes possible the development of highway projects across jurisdictional boundaries to add to the continuity and efficiency of our county highway system."

This allocation is a portion of the \$6,253,000 currently budgeted by the Board of Supervisors to assist the 76 cities in the

SPORTS AS Hank Ives SEES IT

A terrible gloom hangs over the typewriter of Old Hankus. Someone switched his crystal ball. Let's face it, the switch must have been made way back at the first of the year. His baseball predictions were terrible but the grid prognostications of the last two weeks were really ridiculous.

Another 11 win, nine loss week dropped the season's percentage to just under 66 per cent with a 114-59-7 mark. LSU and California upheld the "limb crawler" tradition to keep the record at 2-2 and a 19-21-2 tab.

TO MAKE MATTERS WORSE, this is the week of the big traditional contests with umpteen bowl bids at stake. How can you pick 'em?

FOR WHAT THEY ARE WORTH, here are the toughest 20 games in the nation for the Nov. 20 weekend, and how the ancient one sees 'em.

PASADENA HIGH, and you can't hardly go wrong tabbing the Bulldogs, should remain unbeaten. The best pick Old Hankus made last week was to select a PHS

win over Muir 14-7 and the final tally was 13-7. The clash in the Rose Bowl was a dandy with Skip Robinson kicking up his heels and Jimmy Garland showing the way to play linebacker.

Pete Yoder's Blair crew put up their usual valiant battle but fell short against Crescenta Valley 14-7. Don Autrey is a brilliant performer but the Vikings lack necessary experience to combat Tom Hamilton's troops.

BURROUGHS, still hoping for a tie in the Foothill League, will slip past tough Muir. The Mustangs cracked the PHS endzone on a well conceived pass play last week. The TD toss was much like the one the Bruins achieved against Washington to pull out a victory. Brownfield's eleven might have shot all their top effort in the PHS tilt.

GLENDAL will bounce back from their defeat at the hands of Pierce to swallow up Pasadena's Lancers. This is the one Don Hunt and his men would like to win the most but it just

Bethany Church of Sierra Madre, 93 N. Baldwin will inaugurate a duplicate worship service on Thanksgiving Sunday, November 21, at 8:30 a.m. To accommodate for the 60 minute worship period, the Sunday school will be moved back to 9:40 a.m. with the second worship service beginning at 11 a.m. Pastor Dr. Robert N. Schaper announced, "This introduction of a duplicate service was a decision that the church faced with mixed emotions. On the one hand there would be added responsibility for the church staff and a division of the congregation, yet it is necessary in order to make room for more people to worship at the church. A cordial invitation awaits you this coming Sunday."

At both of the services Dr. Schaper will preach on the theme, "The Art of Thanksgiving." At the 7 evening worship hour the church will be honored to have as guest speaker Robert Bowman, co-founder and president of the Far Eastern Broadcasting Company with headquarters in Whittier. Mr. Bowman will relate some of the opportunities for spreading Christianity through the medium of radio. Thrilling accounts of conversions and revived churches have come by letters smuggled from behind

the bamboo and iron curtain countries. Mr. Bowman is an accomplished musician and will also be ministering through the hymns of the church as part of the service.

Two "Sings" will follow the evening service. The high school youth will host the Lincoln Avenue Presbyterian Church for a youth sing at the home of Miss Becky Turner in Pasadena. The Voyager Sunday school class will gather at the home of Mr. and Mrs. Bob Williams for a time of singing and fellowship at 8:30. Sing co-chairman Stan Schilberg and Bob Williams will lead the group.

Bethany Church provides an entire age-graded Bible study program with youth activities throughout the week. Visitors and inquirers are welcome to attend any of the above stated worship and study hours as well as other group programs.

Dr. Barnhart Announces Sunday Services

The power of giving thanks and praise to God will be expressed by Dr. Ethel Barnhart in her lesson-sermon, "Results of Praise and Thanksgiving" at the Santa Anita Church, 226 W. Colorado Boulevard, Arcadia, Sunday morning, November 21, at both the 9 and 11 a.m. services. The spirit of Thanksgiving will bless not only all who come but the whole world. You are invited to unite in the service. Infant and child care is provided during both services.

"All youth are invited to our program of teaching a sound and practical religious basis for living. Graded classes are held from kindergarten through high school," says Dr. Barnhart. She continues, "Grateful hearts will overflow in praise and thanksgiving, Thursday morning, November 25, at two services. Greeting the dawn of a new day, a service will be held at 6:35 a.m. At 10:30 a.m. another service of praise, rejoicing and giving thanks will be held. The public is invited to both services."

Thanksgiving Day Services Faith Lutheran

The 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive, will mark the termination of the current church year, states the Rev. Armin Hesse.

The Senior Choir will present Cesar Franck's "Be With Us, Lord, We Pray." Concluding the series of pulpit messages on the First Epistle of Peter, the pastor will speak on "The Crown of Glory — For Whom?"

The opening period of the Sunday school at 9:15 will be devoted to preparation for the Christmas Eve service.

Next Thursday morning at 9, the annual National Thanksgiving Day service will be conducted in the church sanctuary. The pulpit meditation will be entitled "A National Thanksgiving Psalm for 1965." The Junior Choir will present Katherine Davis' arrangement of "For the Beauty of the Earth." All residents of the community are invited to participate in the national holiday service.

Jewelry Party

An enjoyable afternoon was spent in the home of Mrs. Helen Honeycutt, 745 Canyon Crest Drive, Sierra Madre, on Friday, November 12, when a jewelry party was held and the lovely merchandise displayed by Mrs. Letha Honeycutt of Lakewood, Helen Honeycutt's daughter-in-law.

Among the guests attending were Mrs. Weitzel, Mrs. Vernon Snow, Mrs. Barbara Rausen, Mrs. Copeland, Mrs. Hobeik, Mrs. Berdinner, Mrs. Delbert Corner, Mrs. Nell Vierira, Mrs. Helen Conrey of Pasadena, Mrs. Angle De-Carl and Mrs. Dorothy Ruechell.

As Ives Sees It

doesn't seem to be in the cards.

OLD HANKUS would like to pick the USC-UCLA game as tie. That would seem to be the easiest (if most impractical) way out. We've seen both teams twice and frankly the Bruins looked like world beaters both times while Troy played just average football.

Still, you stick your neck out at the adam's apple, why not stretch it all the way to the claval? We've been touting John McKay's boys as Rose Bowl reps since the beginning of the year and can't back out now. It should be the battle of the year. Two well staffed clubs with solid, hard-hitting defenses and a Behan-Garrett duel. Make it 21-17 in favor of Troy. One thing for sure, the winner must go to the Rose Bowl.

LIMB - CRAWLER DEPARTMENT... KENTUCKY to sneak past Tennessee... NORTH CAROLINA ST. to continue Iowa's dreadful season... BAYLOR to outscore SMU... MISSISSIPPI ST. to slip past rival Ole Miss... GEORGIA to bump off George Tech. Old Hankus picked the Bulldogs to beat Florida, they lost 14-10. He liked them over Auburn, they lost 21-19. One more chance boys.)

STANFORD, actually a pretty darned good team, to nip California, but don't think it will be easy... WASHINGTON will completely halt Washington State's bowl hopes.

PRINCETON over Dartmouth in a battle of unbeaten Ivies... ILLINOIS will use their rugged ground troops to edge improving Northwestern. (The Rams had better think twice about passing up the Illinois' Jim Grabowski. Just thought I'd throw that in.)

IF EVER A GAME looked like a tie, it would seem to be the oldest rivalry of them all between Yale and Harvard. Neither one are world beaters but we'll give the ELI edge because of the home field... MICHIGAN STATE, still looking for the national title after clinching the Rose Bowl bid, will defeat Notre Dame in what certainly looks like a cliff-hanger. Methinks the Irish may be slightly overrated after their win over the Trojans.

ALABAMA seems to be bouncing back from early defeats and bowl bound, so take them over Auburn... MICHIGAN over Ohio State but don't bet the family jewels on this one... ARKANSAS over Texas Tech but this one could be much closer than it looks on paper... CALIF. ST. L.A. over their San Fernando Valley cousins. (Shucks, there just has to be one lock on the card.)

JRB NOTES... Tickets on sale at Vroman's Book Store, the Jr. Chamber of Commerce office at 181 S. Los Robles and any mutual ticket agency. HENDERSON completed their Texas season with a 14-6 win at tough Wharton. Biggest HJC victory of the year was a 32-8 conquest of Cameron.

JRB selectors may have their hands full Sunday morning when they meet for the big decision. Should Cerritos get past Long Beach Saturday night and Fullerton defeat Santa Ana, coins will fill the air at the Huntington-Sheraton.

THE SO-CALLED BIG FIGHT next Monday raises few lines. Suffice to say that we consider Cassius Clay a fine fighter, despite his obnoxious ways. He should have little trouble with nice guy Floyd Patterson, of glass chin fame.

SIDE NOTE TO THE TV CABLE CO... Folks in the Tri-Cities area in Washington who are on the cable TV setup, are getting a bonus. The Cable TV Co. servicing that area are offering a special closed circuit showing of the Clay-Patterson fight in Las Vegas. Nice P.R. don't you think?

Color Slides In Library

Miss Ruth Banks and Miss Jean Carmichael will present their colored slides for the Armchair Traveler Series, November 17, at 8 p.m. in the Sierra Madre Library.

Their recent motor trip through Portugal, France, Belgium and Denmark will mark the second appearance of these enthusiastic travelers on this series.

The picturesque fishing villages of Portugal and the wine country in the French provinces will be shown, also memorable highlights of their tour of Belgium and Denmark.

Miss Banks is well known as the audio-visual librarian for Monrovia. Miss Carmichael is the secretary and youth counselor for St. Luke's Episcopal Church in Monrovia.

The Friends of the Library invite you to enjoy the Armchair Traveler programs the third Wednesday evening of each month.

History of the Rose Parade

penses but leaves a substantial balance which goes to the City of Pasadena, half for upkeep of the Rose Bowl, the other half into a Trust Fund, from which public improvements are made, on motion of the committee. Pasadena in turn provides generously for the services required for such a civic endeavor.

Thus the Tournament and the ensuing game not only attract thousands of visitors to the area with resulting business for local merchants, but in its own program rewards citizens of the area with civic improvements.

Through the years many memories and stories have accumulated. At one time the question of women equestrians wearing the new "bifurcated skirts" was a hot news item. Families became friendly rivals in the decoration of their carriages.

To be named President of the Tournament became the greatest of civic honors. In 1898, when possible war with Spain seemed a threat to the Tournament, President McKinley was consulted and he gave his endorsement. This year was the first time that Eastern newspapers sent reporter to describe the parade. In 1900 the "Vitascope Company" made reels of pictures of the parade for the first time.

In time flower-decorated automobiles began to appear among the horses, carriages and bicycles. In 1914, the 25th silver jubilee Tournament, appeared the most beautiful and elaborate entry to any date. Mrs. Anita Baldwin, daughter of famous Lucky Baldwin, entered a huge white peacock, mounted in an oak tree. Thousands of lily of the valley, orchids, and white roses were used. By this time merchants and industries had entries, and other cities began to be represented. The Tournament had acquired a King (or Queen) and the "Knights of the Rose" had come into existence, comprising 50 members of the Association to not only ride in the parade, but to represent the Tournament in out of city parades. They rode horseback in scarlet coats, silk hats and white riding breeches. In the evening a Grand Tournament Ball was now held.

Today a Queen and a court of six Princesses to reign over festivities are chosen from students attending Pasadena City College. Great care is taken that those chosen shall be protected from commercial ties. No expense is involved for the girls or their parents. Typical college coeds with professional modeling training are preferred; dignity is maintained, no bathing suits are involved in the program, and the girls are carefully chaperoned when on Tournament assignments. Bona fide residency in the College district and satisfactory grades are basic for Court choices.

Special techniques for the floats have evolved over the years, such as extra water tanks for the cars which propel the floats to prevent overheating during the slow drive of some 2½ miles per hour over the 5 miles parade route. Shaping is done with one inch mesh chicken wire, sprayed with polyvinyl material. Floats are thoroughly checked for safety before entry is permitted. Decorating with the fresh flowers is begun 48 hours before parade time; some delicate blossoms are added only minutes before the parade begins, and roses, orchids and gardenias usually are placed

in water vials hidden from view.

It can well be imagined then, what consternation beset the volunteers of the Sierra Madre float one year when, on the way to the parade grounds, a car ran into our float and completely sheared off the front end. There was only 24 hours to go till parade post time. With a feverish all-out, all-night effort on the part of Sierra Madrans, and the generous sympathetic help of some volunteers from other cities, our float was repaired in time. As a matter of fact, it was so well repaired, that the designer, Manuel dela Torre that year, marching beside it, noticed nothing different till he was informed of the mishap after the parade... They had not called on him to help with the repair because they didn't want to break his heart about the accident.

The Sierra Madre floats have taken a number of awards over the years since the city's first entry in 1917. The design which brought Sierra Madre the most widespread publicity was that of 1964, built on the theme of Paul Revere's Ride, for the general theme of "Symbols of Freedoms," for which the city won the Red Rose (second) Award.

Rare has been the year when the Sierra Madre entry did not gain one of the first three awards for cities of comparable size. Among its memorable first were: 1938, Girl of the Golden West, for Playland Fantasies; 1949, Fairyland, for Childhood Memories; 1950, The Old Spinning Wheel, for Our American Heritage; May Justice Reign, for Dreams of Future; Balboa Discovers the Pacific, for Pages from the Ages; 1962, Flower Vendors Around the World, for Around the World; The Rose Parade — 1890, for Memorable Moments; 1965, World's First Headline, for Headlines in Flowers.

Sierra Madre is now the only community left which builds its floats entirely by volunteers as well as with voluntarily donated money. That's a pretty proud record of firsts for volunteers to chalk up.

Now again the volunteers are busily preparing for their entry in the 1966 Tournament of Roses and reissue their call for more and new volunteers to come join the fun and reap the benefits when the beautiful floats proudly descend the parade route on New Year's Days.

You and Your Neighbor ... at Thanksgiving Time

by Mary-Madeleine Lamphier

Since Dennis, the first child of Ronald E. Thurston, president of the Sierra Madre Chamber of Commerce, is only 9½ months old, it will be a special Thanksgiving first when his newly become grandparents, Mr. and Mrs. Everett Thurston, will come for the day from Temple City. Ronald Thurston and his wife Betty now live at 499 San Gabriel Court.

Mr. and Mrs. R. Robert Evans and daughters Candace Kay and Robin Rae will have the pleasure of the company of their oldest daughter, Sharon Lynn and her husband Richard Helzer as their guests for the Thanksgiving holidays. They will arrive from Portland, Oregon via United Air Lines on Wednesday evening, November 24 for a four day stay at 712 Camillo in Sierra Madre.

Mr. and Mrs. Hugh A. Warden of 139 W. Bonita, will be spending a particularly thankful Thanksgiving with their daughter Cindy, because they almost lost her through her illness last summer, which antibiotics finally licked. The Wardens are holding back on holiday plans till they know for sure whether or not they can spend Christmas in their new home-to-be at 309 E. Sierra Madre Blvd. There'll be a long-anticipated housewarming whenever the great day arrives.

Mr. and Mrs. William F. Penny, 312½ E. Grand View will have a traditional Thanksgiving Day and family dinner. Guests will be the family of William's brother Brad Penny, his wife Mary, and their children Eileen, Steve, Janet and George, who will all come over from Altadena for the day.

Our City Councilman Frank Parks, 155 Olivera, and his wife Marie will be hosts at Thanksgiving time to Mr. and Mrs. Jack Dunn, who will be coming to Sierra Madre from Union City in northern California.

Mrs. A. R. Schoeck, our chairman of the Candy-Striper — Auxiliants of the Sierra Madre Community Hospital Auxiliary, who lives at 341 Sturtevant, is

having a community kind of "do" for Thanksgiving. The tenants who live near her on "The Hill" will be her guests: Mrs. Alice Burley, Mrs. Emma Schoeck, Mrs. Marion Douet, Mrs. Jessie Graham, Mrs. Muriel Dutton and the Misses Grace Bloom and Vera Roland.

The Rudolph Hartmans, of our Hartman Rexall Pharmacy and 460 N. Lima, will entertain at Thanksgiving dinner for their son Robert and his wife, their children Robert, Jr. and Sandra, and Mrs. Hartman's sister Mrs. A. T. Evans who will come from Lancaster for the day, accompanied by her son Preston Evans and his wife from Whittier, and their four children, Carol, Nancy, Gary and Mark. That should be a busy as well as happy family reunion.

The many friends of Bruce H. Crane, District Chairman of the Sierra Hastings Camp Fire Girls Council, who were concerned about his recent illness will be happy to learn that he has been back home at 3655 Newhaven Road, Pasadena, for nearly two weeks now. Naturally he plans a very quiet Thanksgiving this year, but will be pleased to hear from friends.

"Safety first" is the best form of "first" aid.

WHY...**

There are 10,000 reasons why you should be on your guard for "bad" sore throats. They are the 10,000 children who contract Rheumatic Fever every year. If someone in your family gets a serious throat infection, make sure he is examined by your family doctor. If diagnosed in time, your doctor can usually cure this strep infection with antibiotics before it can cause heart damage.
